

JTI Scholarship for FreeUni Students

Coming soon...

Because education is a key to your success, a treasure that will follow you everywhere...

JTI offers scholarships to FreeUni students!

You could **win the JTI scholarship** and have your **one semester tuition fee covered by 50% or 100%**.

Who is JTI and why would it invest in my education?

JTI (Japan Tobacco International) is a leading international tobacco product manufacturer, a member of the Japan Tobacco Group.

We were named as **Top Employer Georgia 2014** and **Top Employer Europe 2014**. The success of JTI is determined by our key asset – people.

We fully acknowledge that the basis of future success is laid during the university years. This is the period when you least want to be concerned about resources to finance your education and rather should fully focus on studies.

This is why the **JTI scholarship could give you an edge and extra nudge towards your success.**

This could be your chance to win the scholarship and give your family and friends an additional reason to celebrate your achievements!

What do I need to do to get the scholarship?

Of course the scholarship has to be earned. You will have to prove you deserve it by matching the requirements and getting the best results in a fair competition!

Meanwhile, be alert, see what you can do to improve your chances and keep an eye on further communication. See you in September!

Good luck!
JTI Team
